Orlando Melbourne Int’l (MLB) Launches New Safe Travel Experience

FlyMLBsafely.com website outlines airport initiatives, safe practices, and travel tips

MELBOURNE, Fla. (June 12, 2020) – Orlando Melbourne International Airport (MLB) has launched a new program to provide a safe and healthy environment for all passengers, customers, tenants, and employees that includes impactful changes throughout the terminal and a new interactive website. The new program called MLB’s Game Plan: A Safe and Strategic Response to COVID-19 is outlined at FlyMLBsafely.com.

“We have enhanced our terminal configuration, cleaning practices and safety procedures throughout the airport to protect the health and safety of all our stakeholders,” said Reneë Purden, director of public safety at Orlando Melbourne International Airport (MLB). “We share the same challenges as other airports but have the advantage of being a less congested airport with the capability and space to ensure accurate physical distancing guidelines. Plus we are utilizing the latest sanitation technologies every day.”

To prepare for the return of travelers from MLB’s strong business and leisure markets, the airport has implemented several initiatives to deliver a safe, healthy and comfortable travel experience:

 PHYSICAL DISTANCING GUIDES: Visuals guides have been installed to assist passengers with physical distancing at queueing locations throughout the airport including ticketing counters, TSA checkpoint, Dunkin’, boarding bridges, rental cars and baggage claim.

 TERMINAL RECONFIGURATION: Improvements to terminal seating and queueing lanes have been made throughout the terminal to encourage physical distancing.

 NEW WEBSITE FOR TRAVELERS: FlyMLBsafely.com has been launched as a resource for MLB’s passengers and customers outlining the renewed airport experience, safe travel tips, airline procedures and more.

“Our new website was created to align with our core values of providing a convenient and comfortable customer experience,” added Manager of Marketing and Communications Rob Himler, C.M. “We encourage passengers to use the website as a tool to guide them along every step of their next travel opportunity at MLB.”
